Thanks is correct Bob. The list is for emergency notification purposes only to let someone know of an emergency situation.
It would be cell phone number to get a hold of someone 24/7, those are the numbers I listed for EPA contacts. CAS

Carlos,
A question came up...The ER list is to provide 24/7 notification of problems or issues at the site not to respond to address the problem correct?

Thanks...Bob

Good Morning,
We are putting together an emergency contact list for the San Jacinto Site.
Please let me know who we would call, name and cell phone number. Thanks CAS
